DecoArt Matte Spray Finisher/Sealer

INSTRUCTIONS

RED: Basecoat the ornament with True Red. Shade around the edge of the round ornament with Antique Maroon. Stencil the background using the Small Buffalo Check Stencil and Antique Maroon.

BLUE: Basecoat the ornament with Blue Harbor. Shade around the edge of the round ornament with Deep Midnight Blue. Stencil the background using the Small Buffalo Check Stencil and Deep Midnight Blue.

Align the “Let it Snow” stencil onto the ornament and stencil with Titanium White.

Basecoat the ornament cap with Slate Grey. Highlight the right side with Titanium White and shade the left side with Zinc.

ADD SPARKLE

With the Galaxy Glitter (Ice Comet), apply to the ornament cap. With the chisel edge of a flat brush, dab some of the Galaxy Glitter onto the large and small snowflakes. I usually apply one coat, let dry, and apply a second coat for more sparkle.

FINISHING

When finished, I use the DecoArt Matte Spray Finisher/Sealer and give them a few light coats.
